

LOCKDOWN COMPETITION

An activity for children and young people during Lockdown

Winning Entry for Group Two 8 to 11 years old:

My Lockdown Life

Coronavirus has affected us all in many ways
Spending more time with family for hours and many days
Playing fun games outside such as Football, Gaelic and Tag
But not on our video games because of the constant lag!

I myself feel quite scared
Not watching the news yet, I haven't dared..
Worrying about my family everyday
I'm always happy to hear them say they're fine in every way

I've had a lockdown birthday, different from all the rest
A campfire and a treasure hunt, it sure was one of the best!
I celebrated it in our forest where there was lots of thing to do
Roasting marshmallows, cooking sausages and playing with
my family too

This experience has taught me alot
But fear and sadness it has brought
And now all I want to say
Is stay healthy, be safe and enjoy every day!

By Aine, Age 11
